Art Unit: 1652

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-12, drawn to isolated DNA molecules encoding human (Cardiovascular System Associated Kinase -1) CSPK-1, vectors and host cells comprising said DNA molecules and methods of expressing said molecules, classified in class 435, subclass 194.
- II. Claims 1-12, drawn to isolated DNA molecules encoding CSPK-2, vectors and host cells comprising said DNA molecules and methods of expressing said molecules, classified in class 435, subclass 194.
- III. Claims 1-12, drawn to isolated DNA molecules encoding human CSPK-3, vectors and host cells comprising said DNA molecules and methods of expressing said molecules, classified in class 435, subclass 194.
- IV. Claims 1-12, drawn to isolated DNA molecules encoding human CSPK-4, vectors and host cells comprising said molecules and methods of expressing said molecules, classified in class 435, subclass 194.
- V. Claims 1-12, drawn to isolated DNA molecules encoding human CSPK-5, vectors and host cells comprising said molecules and methods of expressing said molecules, classified in class 435, subclass 194.

The inventions are distinct, each from the other because of the following reasons:

The DNA molecules of Groups I-V are patentably distinct each from the other because each product is directed to a kinase of unrelated structure and function.

Art Unit: 1652

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
